Sir:

This paper is filed in response to the Advisory Action in the above-referenced application, mailed 4 June 2004. On 17 May 2004, applicants filed a Notice of Appeal. On 8 June 2003, the undersigned discussed the application with Examiner Moran in a telephonic interview. At this time, in view of the telephonic interview, applicants are filing a Request for Continued Examination (RCE) rather than pursuing an Appeal to the Board of Patent Appeals and Interferences. Accordingly, because the RCE is being filed before filing of the Appeal Brief and prior to a decision on the Appeal, applicants request that this paper be treated as a request to withdraw the Appeal and to reopen prosecution of the application before the Examiner (37 C.F.R. §1.114(d)).

This paper accompanies a Request for Continued Examination (RCE) (37 C.F.R. §1.114) for the above-referenced application. An authorization to charge Deposit Account No. 03-4058 for the filing fee of \$385.00 (small entity rate) for the RCE accompanies this

paper in the Transmittal Letter. The Notice of Appeal was filed on 17 May 2004. This response and RCE are being filed within two months of the filing date of the Notice of Appeal (17 July 2004 falls on a Saturday, thus the due date becomes Monday, 19 July 2004). No further fees are believed necessary; however, the Commissioner is hereby authorized to charge to Deposit Account No. 03-4058 any fees under 37 C.F.R. §§ 1.16, 1.17 and 1.21 which may be required by this paper, with the exception of the payment of the issue fee.

This paper includes a response, amendments to the claims, and a complete listing of the claims. Also accompanying this paper are the following:

1. An Interview Summary of the undersigned's telephonic interview with the Examiner on 8 June 2003;
2. A transmittal letter and Request for Continued Examination; and
3. A return-receipt postcard.

Reconsideration of the application in view of the following amendments and remarks is respectfully requested. Applicants submit that the present amendment conforms to the revised amendment format requirements. If there are any problems with the format of applicants' amendment, the Examiner is respectfully requested to contact the undersigned.

Introductory Comments

1. Summary of the Office Action.

In the final Office action, dated 24 March 2004:

(a) the Examiner rejected claims 7, 25, and 34 under 35 U.S.C. §112, second paragraph, asserting that the claims are indefinite for failing to particularly point out and distinctly claim the subject matter which applicants regard as the invention. The Examiner asserted that there is insufficient antecedent basis for the limitation “the time interval $n+1$,” and

(b) the Examiner rejected claims 1-7 and 10-36 under 35 U.S.C. §103(a) asserting that the claims are obvious over Kurnik (WO 99/58973) in view of Tamada, et al. (JAMA 282(19):1839-1844, 17 November 1999).

Applicants responded to the final Office action on 17 May 2004.

In the Advisory Action, dated 4 June 2004, the Examiner noted that applicants’ reply overcame the rejections under 35 U.S.C. §112, second paragraph. Accordingly, the only remaining rejection of the claims is the rejection of claims 1-7 and 10-36 under 35 U.S.C. §103(a) in which the Examiner asserts that the claims are obvious over Kurnik (WO 99/58973) in view of Tamada, et al. (JAMA 282(19):1839-1844, 17 November 1999).

This rejection is believed to be overcome in part by the amendments and are otherwise traversed for reasons discussed below.

2. Overview of the Amendments to the Claims.

Claims 1-7 and 10-36 are pending in the application. Claims 1, 3-7, 12, 15, 21, 22, 24, 25, 26, 30, 31, 33, and 34 are amended without prejudice or disclaimer. Amendment of these claims is not intended to be an acquiescence in the Office’s assessment of those claims in the 24 March 2004 Communication or the Advisory Action and applicants expressly reserve the right to bring the subject matter of the original claims again in a subsequent, related application. After entry of this amendment, claims 1-7 and 10-36 are pending.

The amendments to the claims (and complete listing of the claims) are presented herein below (after the signature page) in the section titled “Amendments to the Claims.”

Support for the amendments to claim 1 can be found throughout the specification as originally filed, for example, at the following locations: page 21, lines 13-19; page 22, lines 1-12; page 30, line 30, to page 34, line 23; page 36, line 24, to page 37, line 7; page 42, lines 15-29; and page 43, lines 8-24.

Support for the amendments to claim 5 can be found throughout the specification as originally filed, for example, at the following locations: page 3, lines 8-9; and page 21, lines 13-19.

Support for the amendments to claim 12 can be found throughout the specification as originally filed, for example, at the following locations: page 13, line 29, to page 15, line 16; and page 24, lines 8-19.

Support for the amendments to claim 15 can be found throughout the specification as originally filed, for example, at the following locations: page 21, lines 13-19; page 22, lines 1-12; page 30, line 30, to page 34, line 23; page 36, line 24, to page 37, line 7; page 42, lines 15-29; and page 43, lines 8-24.

Support for the amendments to claim 26 can be found throughout the specification as originally filed, for example, at the following locations: page 21, lines 13-19; page 22, lines 1-12; page 30, line 30, to page 34, line 23; page 36, line 24, to page 37, line 7; page 42, lines 15-29; and page 43, lines 8-24.

Claims 3, 4, 6, 7, 21, 22, 24, 25, 30, 31, 33, and 34 have been amended to provide clear antecedent basis for the term(s) “glucose measurement value(s).”

Accordingly, no new matter has been added by way of this amendment and the entry thereof is respectfully requested.
